

# Government Uncomplicated

SeamlessGov helps governments turn their complex paper-based processes into straightforward digital workflows.

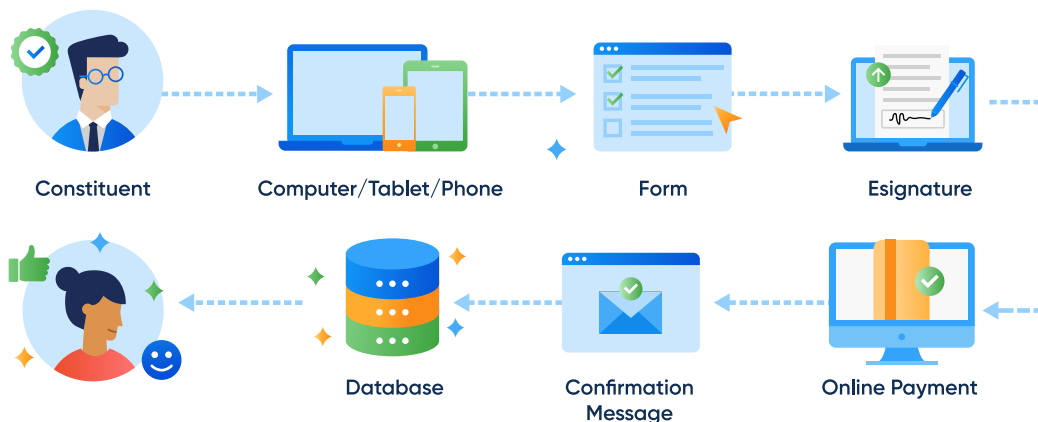

## The Old Way

What does it take to submit and process a form in your city?  
If your government is like most, then the process looks something like this:

## The New Way

SeamlessDocs is a cloud-based platform that enables governments to transform their existing PDF and paper forms into easy-to-use web experiences.

Start bringing your forms online today.

Contact SeamlessGov for a demo.
